CONTINUING GUARANTY

In consideration of credit which United Recycle, Inc. d/b/a/ Aspen Ribbons, a Colorado corporation ("Company"), may from time to time extend to _____ ("Borrower"), the undersigned hereby individually, jointly and severally, and unconditionally guarantee to Company, its successors and assigns, the payment when due, of all indebtedness owing by Borrower to Company, together with costs of collection and reasonable attorneys' fees, whether said indebtedness be evidenced by notes, discounts, advances on open accounts, or otherwise, and whether such indebtedness be so owing by the Borrower as principal, surety or endorser, and whether or not any other person, firm or corporation is also liable for any or all of said indebtedness.

Company may, without notice, assign its rights hereunder in whole or in part and any assignee or holder thereof and Company (for so much of indebtedness not sold, assigned or transferred) may each individually or collectively enforce any and all of the provisions hereof by suit or otherwise.

The undersigned hereby waive diligence on the part of the Company, its successors and assigns, in the collection of any and all indebtedness, and agree that the Company shall be under no obligation to notify the undersigned of its acceptance hereof or of any advances made or credit extended on the faith hereof, or of any renewals or extensions of said indebtedness; and the Company shall have the privilege of granting such renewals and extensions as it may deem proper. Also, the undersigned hereby expressly waive notice of non-payment, protest and notice of protest with respect to any indebtedness covered hereby.

This Guaranty upon the part of the undersigned is in addition to such other security which the Company may now or may at any time have; and it shall not be necessary for the Company, in order to enforce payment of said indebtedness by the undersigned, to first institute suit or to pursue or exhaust its remedies against the Borrower or against any other security which the Company may have.

The obligation of the undersigned shall be continuous from this date until terminated in the manner hereinafter provided.

Should the undersigned desire to be released from liability hereunder for any further obligations of the Borrower, the undersigned shall deliver proper written notice to that effect to the Company and at the same time pay, or cause to be paid, all of the indebtedness of the Borrower to the Company for which the undersigned may then be liable, whereupon the undersigned shall be released from liability on any obligations to the Company thereafter incurred by the Borrower.

Each of the undersigned acknowledges that this Guaranty is in effect and binding on him without reference to whether it is signed by any other person or persons, and agrees that as to him it shall continue in full force and effect notwithstanding the death or release by operation of law of, or the extension of time to, any other guarantor or guarantors, both as to obligations then existing and or thereafter created.

The liability of the undersigned hereon shall not be affected or impaired by the existence from time to time, of an indebtedness or liability of the Borrower to the Company irrespective of the amount of such indebtedness.

This agreement is to be performed in Boulder County, Colorado, and any suit hereon or for any breach hereof may be brought and prosecuted in the Courts of said County.
